MEDIUM LEVEL SECURITY

BOON EDAM
YOUR ENTRY EXPERTS.

LIFELINE SPEEDLANE SLIDE.

THE **SOLID** SECURITY LANE

Designed to be bold and beautiful yet intuitively smart, the Lifeline Speedlane Slide is proudly dominating the security gate industry. With its smart sensors and activate-on-approach technology, this concise speed gate delivers a modern, welcoming entrance security.

OVERVIEW

Expansion and growth within a building often present a common conflict when it comes to physical security. Fixtures within a building need to keep up-to-date and remain adaptable to comply with changing and compulsory specification criteria.

KEY FEATURES

- Intuitive approach detection
- Intelligent user guidance
- Tailgating detection
- Smooth, sliding-motion glass barriers
- V-shaped, tapered cabinets with ergonomic design and short footprint
- Premium quality materials
- Flexible lane configurations
- Low-energy, "sleep" mode
- Universally understood and proven display symbols
- Additional flexible options available to fine-tune or 'Level Up' (see page 4/5)

SAFE AND RELEVANT FOR THE LONG-TERM

The above obligations are met by continual research and product design to ensure our speed gates live up to high standards and continue to offer flexible choices in integration opportunities, ease and safety of use and blending into each unique environment.

A POPULAR CHOICE WITH NO COMPROMISE

The Lifeline Speedlane Slide speed gate has been designed with a curved cabinet to allow for a quick, sliding motion of the glass wings, as well as showcasing intuitive coloured LED lights which effortlessly glides along a glossy glass top, guiding users from entry through the authorisation and onto the exit onwards. This product has proven to be a popular choice for those who are unwilling to compromise on security or design.

KEY

BENEFITS

- Reduces pressure from security or reception staff
- Coordinates beautifully with existing building décor and design
- Condensed cabinet length optimises use of valuable floor space
- Built to last

SUGGESTED

SEGMENTS

- Corporate offices
- Multi-storey tenant buildings
- Medical and pharmaceutical facilities
- Schools, universities and colleges
- Sports facilities
- Government and embassy buildings

PUTTING THE POWER BACK IN YOUR HANDS

One size does not fit all, and that is why we at Monador believe in offering modular solutions. This approach allows the security professional to design a tailored entrance solution that balances security and safety with aesthetics.

The result is a unique entrance that fits the needs of each industry, application and individual company. To get started, choose from an array of quality standard options. Then, 'Level Up' where it matters most to your company – whether that be in terms of throughput, security, safety, aesthetics, technology or user comfort – or a combination of each. A modular solution approach truly puts the power back into your hands - the power to create a refined entry with ease.

SCALABLE FLEXIBILITY IS THE FUTURE

The ability to integrate a large variety of secondary security technology into our speed gates is the ideal way in which to fine-tune by 'Leveling Up' their entrance security when increased protection is required.

Meeting your security goal easily and within your budget is the reason why we work together with you to ensure that by using these options, you end up with a product that outperforms the others safely, beautifully and profitably.

You can level up in any of these categories:

LEVEL UP

If our standard specifications do not quite suit your needs, we open up opportunities for you to 'Level Up' where it counts most. You can also do this according to your most motivating value driver:

The specification table shows you our standard product options, and to the right of these, you can easily see, and consider, any compatible 'Level Up' options for fine-tuning the Lifeline Speedlane Slide.

TECHNICAL SPECIFICATIONS

THROUGHPUT

STANDARD

LEVEL UP OPTIONS

Throughput	20 - 30 People per minute	
Cabinet Width	312 mm / 12-5/16"	Wide: 512 mm / 20-1/8"

WORKING PRINCIPLE

TECHNICAL DIMENSIONS

SERVICE AND MAINTENANCE

With hundreds of thousands of visitors passing through the entrance every day, uninterrupted and reliable operation is vital. Regular service and maintenance can prevent unexpected equipment failures. Monador's service and maintenance teams across Türkiye and neighboring countries have extensive experience with how local conditions affect the wear and tear of your entrance solutions. They offer customized service and maintenance contracts perfectly tailored to these conditions.

COMPLIANCE

The goal of an organisation is to safeguard the valuable assets inside – both people and property. As is often the case, industries must comply with relevant local and global laws, policies and regulations, to achieve the important goal of overall safety and security. Failure to meet the appropriate measures and criteria set out in these regulations could result in catastrophic incidents and substantial fines.

Monador security entrances are trusted solutions that allow organisations to meet compliance regulations related to restricting access to areas within a building. We take compliance and safety very seriously and ensure that our products are manufactured, installed and maintained to keep up the strict criteria required in all our countries. We are always improving and always committed to making sure our products are compliant and certified.

The Lifeline Speedlane Slide complies with the following European standards:

- Machine Directive (2006/42/EC)
- EMC Directive (2004/108/EC)
- RoHS Directive (2011/65/EU)

CLIMATIZATION

The process of adjusting the temperature, humidity, cleanliness and air movement of a closed environment according to human health and comfort is called air conditioning. We know that our automatic door models, which combine advanced technology with research on human behavior and building environment, will contribute to sustainable and healthy buildings. With smart sensors, adaptive operating modes and connectivity, we can ensure that every building makes a difference and contributes to the future of green buildings.

EXPERIENCE AND KNOWLEDGE

Monador Automatic Door Systems Trade Inc. is the leading organisation that laid the foundations of the sector. With this understanding, we are proud to continue to provide the service of automatic sliding, magnetic sliding, revolving, security system doors, which we have been implementing in Turkey and the Middle East since 1988. As a result of the experience and knowledge we have gained, with our professional teams, we provide 24/7 service to our customers after sales or after assembly. Our products with superior technological equipment are provided to provide trouble-free service.

SERVICE & MAINTENANCE SUPPORT

Our periodic maintenance packages are **Platinum**, **Gold** and **Silver** presented in three categories.
