

Speed Gates

Secure and controlled access systems

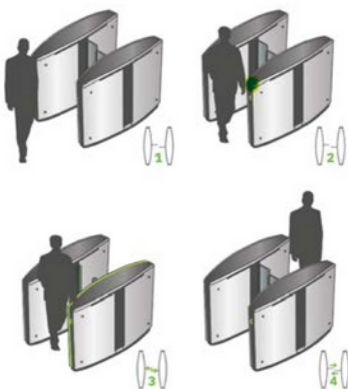

LIFELINE SPEEDLANE SWING

With its slim, elegant and aesthetic lines, the Lifeline Speedlane Swing is the narrowest security speed gate turnstile on the market. The Lifeline Speedlane Swing access system combines modern technology with an elegant line and offers safe passage in buildings with heavy traffic.

LIFELINE SPEEDLANE SLIDE

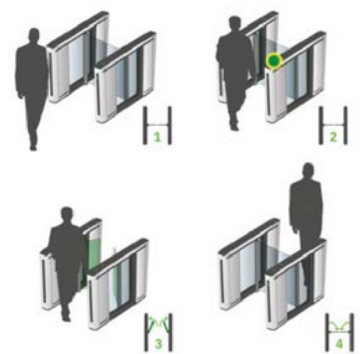

Lifeline Speedlane Slide, which has a modern look with its short flap barriers, creates reliable entrance areas to buildings thanks to its smart sensors and approach-based actuation technology.

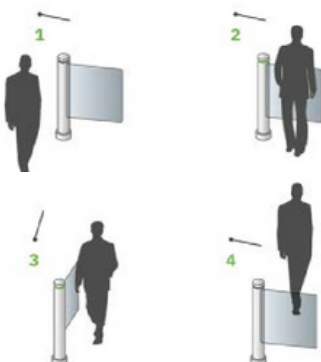

SPEEDLANE COMPACT

Standing out as the preference of users of effective, safe and comfortable products with its simple design, Speedlane Compact provides a unique comfort zone to its users by providing simplicity and ease of use at the same time with its impressive lines.

WINGLOCK SWING

The single wing 90° opening Winglock Swing is used as an ideal complementary product for automatic service or disabled access door in all kinds of security passages. 90° opening wing detail provides a wide enough door opening for the passage of individuals and small wheelbarrows with special needs.

CLIMATIZATION

The process of adjusting the temperature, humidity, cleanliness and air movement of a closed environment according to human health and comfort is called air conditioning. We know that our automatic door models, which combine advanced technology with research on human behavior and building environment, will contribute to sustainable and healthy buildings. With smart sensors, adaptive operating modes and connectivity, we can ensure that every building makes a difference and contributes to the future of green buildings.

EXPERIENCE AND KNOWLEDGE

Monador Automatic Door Systems Trade Inc. is the leading organisation that laid the foundations of the sector. With this understanding, we are proud to continue to provide the service of automatic sliding, magnetic sliding, revolving, security system doors, which we have been implementing in Turkey and the Middle East since 1988.
